“Spell-binding! Will keep you on the edge of your seat. Call it techno-thriller, call it science fiction, call it just terrific story-telling.” Terry Brooks, #1 NY Times Bestselling author of the Shannara series and Star Wars Phantom Menace

**A war beyond time. An enemy beyond space. A thriller beyond your wildest dreams. Three areas on the Earth’s surface defy explanation: the Bermuda Triangle, the Devil’s Sea of Japan, and a small region of Cambodia. Inside these realms, planes have disappeared, ships have vanished, and, in Cambodia, an entire civilization has been lost leaving behind Angkor Wat.**

In 1945, Training Flight 19 disappears in the Bermuda Triangle.

In 1963, the USS Thresher, a nuclear submarine, is lost under unusual circumstances, part of a secret government investigation into mysterious gates.

Near the end of of the Vietnam War, Green Beret Eric Dane led a team of operatives deep into Cambodia and encountered a strange fog near the legendary city of Angkor Kol Ker. His entire team disappears, attacked by strange creatures out of the fog. Only Dane survives to return.

Now a plane goes down. In the same area Dane lost his team. He’s called back. To find out who is the darkness behind these gates to our planet. What does this Shadow force want? It is a threat that will take on the world’s greatest military forces and defeat them. A power that will overwhelm our science and technology. A merciless enemy that will lead Dane—and the whole planet—into the final desperate battle for survival.

If you enjoyed LOST, you’ll love this book and be amazed at the similarities in concept (although this book was published before Lost).
