Comparative Theology - Essays for Keith Ward

Comparative Theology - Essays for Keith Ward

Keith Ward's great contribution to theological scholarship is his exploration of what he calls 'comparative theology'. He describes this as, 'a way of doing theology in which scholars holding different world-views share together in the investigation of concepts of ultimate reality, the final human goal, and the way to achieve it'. This book is devoted to that theme with essays on the central topics of his mature work: revelation, creation, human nature and community.
