"The concept and the main idea for this insightful publication is richly filled with Author's intuitive thoughts and visions, life's reflections and original quotes that are spiced with shades of his colorful philosophical musings, to serve as a guide to enlighten, enrich, warn, advise, inspire and culturally awaken the inexperienced young generation of current times." (From the Author) "In this writing, you will discover the many times the Author has been through the terrors of hell and back. It is laden with first-hand events he had lived through that were nothing short of horrific. But in spite of the roller-coaster of dramatic boots he was forced to endure, Alex emerged with a preternatural-like reinforcement that spawned as spirituality endowing him with a resiliency and faith that makes a difference between resignation and triumph." (From the Foreword)
