«Nothing could be "superluminal", not so much as a single neutrino, and suddenly a safety valve was activated, which stopped him from reading any further. "Stuff and nonsense!" he said, wiping the message from the screen in irritation and focusing his attention elsewhere.» CERN - September 23, 2011: a respected research group! presented evidence that neutrinos travel faster than the speed of light. Beautifully precise and riveting, this novel depicts the slow unravelling of a claim that would have changed the world!
