What the Heart Wants –Clean Western Culture Romance

An exciting, 21st Century, clean, Western romance set in the wide open spaces of Wyoming's Grand Teton National Park. We explore love and romance at different stages of life, and what it means to be family.

In *What the Heart Wants*, we take a hard look at how a person's central life decisions can affect their lives in unimaginable ways. Through the haze of what many call the worst military conflict in a generation—the second battle of Fallujah, we witness the real cost of war on the active duty service members, the veteran, and the families and communities of those who serve.

Ride an emotional roller coaster as our characters deal with love, family, mental illness, PTSD, veteran issues, nationalism, bigotry, romance, cultural differences, and faith as the story unfolds in the unique beauty of the American West. Explore our rich and complicated characters as they traverse love in all of its many forms.

THE ONE LOVE –Clean Billionaire Romance

It's one thing to have had a threesome, relationship speaking, as an encounter or fling, or on that one wild night. But it's a completely different story to be a woman and find out that your two best friends from college have both decided that "you're the one", morphing your life into something completely different. Holly, Andrew and Cash are best friends who were all born into well established multi-million dollar and billion-dollar families. They were an inseparable and fearsome threesome long before any notions to take things further had hit, and it was quite a surprise when they did.

Find out how they go from friends to family, and don't miss a minute of Holly's star designer outfits, and their life in the riches as twists and turns. Sneak in behind all the flirtations and true love, and dream your nights away in her shoes.
