How ready are you and your family to survive an upcoming catastrophe?

Earthquakes, floods, civil unrest, terrorists, EMP attacks, riots, volcanos even war could come to any city in the world without any notice.

We should all take measures to prepare ourselves and be ready for such events.

By applying some of the simple concepts outlined in this book you will increase the chances you and your family might have to survive in a catastrophic scenario that could come any time.

Don't think "it's not going to happen here", that's what makes you the more vulnerable.

Some of the life saving techniques you will master after reading this book

- How to find drinkable water in any situation
- The 72 hours bag that could literally save your life
- How to build a simple, yet protective shelter
- Primitive medicine
- Killing animals to survive in the wilderness
- Surviving an earthquake
- Surviving a flood
- Surviving urban riots
- Surviving a bombing
- Surviving an EMP attack

After reading this book you will have life saving techniques that can mean the difference between surviving or being left to die.

It's not about if it will happen but WHEN it will happen.

Order your copy of Survival Guide for Beginners now and start taking measures while others procrastinate.
