You know how the saying goes: turnabout is fair play. That means it's time for boyfriend to bend over. These four stories all feature women who might not wear the pants in the relationship, but who do take a turn wearing the cock. Whether it's the woman taking a turn receiving a blow job or otherwise taking charge in the bedroom, once you slide on a strap-on, power dynamics change. And that's just what these tales examine, with all the steamy consequences. Zara's husband David, one of the twin heads of a premier biotech company, may not quite be what he seems. His violent history, long suppressed with a neural implant, is re-emerging in strange ways, and he—or his twin brother—may be *Double Dealing* with their identities. It will take cleverness, courage, and the services of a world class hacker to untangle the web of deception around the brothers Gemini. Then, is it happily ever after for William and Jenny... and her husband, Alex? Will he know he's loved, but he's still the third wheel in a married couple's household. It's up to Jenny and Alex to prove to him that his place in their hearts has the *Permanency* he desires. Shammara might be the princess of a magical kingdom, but her royal duty to submit to her chosen suitor is a distasteful one, literally. So she does what any girl will do when her father, the king, is murdered and her future kingdom is overrun by her uncle's evil minions: she flees into the mountains with the aid of a loyal and besotted guardsman to become queen of a tribe of Amazons, turning the *Phallusy* of male magical superiority right on its head as she fights to reclaim her crown. Obviously. Finally, Captain James Wilmington survives the wreck of his ship and the loss of most of his crew, only to find himself rescued—and imprisoned—aboard a pirate corsair. Held at the mercy of the lady pirate Faisal, whose allure and charms ensnare him, Captain Wilmington soon finds himself transitioning from a captive hostage to *Your Most Humble and Obedient Servant*.
