Twelve Years in the Life of Shakespeare Hank Whittemore

The essays in this book (originally published as "A Year in the Life of Shakespeare" columns in the Shakespeare Fellowship newsletter Shakespeare Matters from 2001-2005) cover four decades in the life of Edward de Vere, 17th earl of Oxford. In these essays a reader can see how Oxford's life resonates with the Shakespeare works ---from teenager to old man--- and tell the story of someone who could laugh at his fate like Mercutio, rebel against his fate like Hamlet, howl at his fate like Lear, and finally ---in the end--- be resigned to his fate like Prospero. The true story of Shakespeare as embodied in the life of Edward de Vere is a revelation, and will forever free any Shakespeare lover from ever again saying that "knowing the author doesn't matter" because we have the works.
