Find out what the "Powers That Be" Don't want you to know regarding the truly hidden - occult - history of the United States. No one would likely dispute the fact that times are stranger in America than ever before, and indications are that things are getting weirder with each passing day. But a look at our hidden – SECRET – history alerts us to the startling fact that our country has been steeped in “high strangeness” since its founding fathers signed the Declaration of Independence and, provocatively, even before. It is nevertheless apparent that our proud nation owes a great “debt of ingratitude” to the mysterious, the macabre, the downright bizarre and the unseen realm of the occult. Did the ancient Lemurians, a Pacific Ocean race similar to the fabled Atlanteans to the east, erect the mysterious walls found in the eastern part of the San Francisco Bay area? Writer Olav Phillips explores the enigma first hand. Sean Casteel provides an overview of historical incidents of cannibalism, stories that go back as far as “The Starving Time” of the Jamestown colony in 1609, and Wm. Michael Mott offers up some of the UFO and creature sightings he has collected from the state of Mississippi. Publisher/writer Timothy Green Beckley and his friend Circe returned to Sleepy Hollow, New York – of “Headless Horseman” fame – and discovered that paranormal activity is still rampant there, while author Tim Swartz would like suitable explanations for all the supernatural mysteries of his native Indiana. In a Bonus Section: “The Spiritual Destiny of America” - The future of America as seen through the eyes of prophecy and the occult is revealed. You can feel the chills already, eh? Read “America’s Strange and Supernatural History” and get ready to kick those chills up a notch or two.
