The renderings contained in this volume are the product of many happy hours during the past five years. No method was adopted in the work. As the translator waded through the closely printed pages of the Greek offices, what appeared at first sight to be lines worthy of translation were taken up and examined, sometimes to be cast aside again because of some unremovable blemish, at other times to be moulded to the form which they now bear. Of the forty-seven pieces, thirty-five appear for the first time in English verse.
