Seven Wonders of the World: Discover Amazing Monuments to Civilization with 20 Projects (Build It Yourself) Carmella Van Vleet

Over 2,000 years ago, ancient Greek scholars named seven of the most wondrous monuments to civilization, including the Pyramids of Egypt and Statue of Zeus at Olympia. Through the centuries these treasures were known as the Seven Wonders of the Ancient World. Because all but the Egyptian pyramids have been lost to the ravages of time, a new list of seven wonders was established in 2007. These monuments, including Machu Picchu in Peru and the Great Wall of China, symbolize the creativity and ingenuity of human civilization.

Seven Wonders of the World introduces kids ages 9–12 to the seven wonders on the original list and the seven wonders on the new list. Learning about these icons of world culture offers opportunities to discover amazing civilizations, technological innovations, and our shared world heritage. Sidebars, fun trivia, and entertaining illustrations break up the text, making it easily accessible and engaging, while hands-on projects encourage active learning.
