Description

Killian is practical. As far as he's concerned, his brothers are fools. They've taken mates at just about the worst possible time. For all he knows, it may have even been the death of them.

Separated from his brothers, Killian finds himself on the run from the Hunters. Now, more than ever, they're out for blood. The only way Killian can think of to escape them is to venture out of the forest and towards civilization.

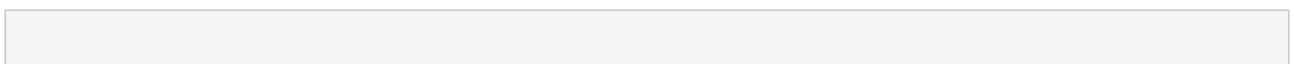

It's there that he comes across Anna. Anna is just as hard headed and practically minded as he is. She's also his best chance at evading the Hunters. Will accepting her help prove to be mutually beneficial, or will The Hunters catch up to them both in the end?
