Groan Appetit! Chuckle with a French accent while reading this first- ever one-of-a-kind, humorous and clever potpourri of 566 puns which playfully warps French words and pronunciation. In Madame Fifi's world of cross-cultural craziness and frivolity as flaky as a croissant, French has been twisted or sauteed with English and the results are silly to sublime, avant-garde to French fried. The puns are sprinkled with cultural confetti from both sides of the Atlantic. They are asked in English and if you get stumped, the answers with notes appear on the back of each page. Many of the puns are based on America's knowledge of things, people, and places that are French. The book is illustrated, and it's wacky, classy, and a lot of fun.

This is a must for anyone who appreciates the French language or culture. It will amuse the general public, delight French scholars and linguists, and tease and tickle the minds of anyone who is studying or has studied French. For beginners to advanced students, it is an excellent tool for learning new words, brushing up on vocabulary, or polishing French cultural savvy. It would be a great gift for your favorite francophile.

Every French teacher's bookcase should have this book in it. Daily lessons and units can be spiced with Madame Fifi's wit. The pun is an effective mnemonic device, making words and information more easy to remember. Humor enhances learning.

Oscar, Madame Fifi's pet snail (on the cover) who likes to ride on his skateboard around Paris (Oscar, go!) and who majored in medieval literature and philosophy at the Sorbonne, says the book is charming and very entertaining. He highly recommends it.

Madame Fifi (who lives in Paris, takes sculpting classes at the Louvre, and loves to buy shoes and flowers, windsurf, and browse in antique shops) sends her regards and hopes that you'll enjoy reading her book.
