Die Außenbeziehungen der römischen Kurie unter Paul V. Borghese (16051621) (Bibliothek Des Deutschen Historischen Instituts in ROM) (German Edition) Koller, Alexander

This collection documents the contributions made to an international colloquium organized in Rome in 2005 by the German Historical Institute on the subject of the international relations entertained by the Roman curia under Paul V Borghese. The proceedings were based on the three-volume edition of the main directives of this pontificate by Silvano Giordano published in 2003. Alongside more general issues (implementation of the reforms adopted at the Council of Trent, jurisdiction, military matters, the relationship between micro- and macro-politics), there is also discussion of the (confessional) political contacts between Rome and the main territories of the orbis catholicus (legations, nunciatures), including those outside Europe.
