What would you do if a friend tells you he can identify the killer in an old murder case? Would you advise him to go to the police? But what if the police were involved? And what if the victim was a well-known antique dealer...and firearms seller? And what if the Mafia were implicated? Would you walk away from the story? But what if you were a mystery writer? This is the true story of the author's two-year investigation of a 1969 unsolved murder in Fall River, Massachusetts. Written in blog form (that's like a journal to those outside the blogosphere), the reader follows along, step by step, as the author uncovers information about the case. The reader and author arrive at a surprising conclusion together.
