Keller in Des Moines

Lawrence Block

Keller in Des Moines Lawrence Block

It seems pretty straightforward. Keller's hired, dispatched to Des Moines, and given the particulars on an assignment. His client stashes him in a motel room where he's to await further instructions. And then, well, something happens. Something unforeseen. Something life-changing.

Four of the five novels featuring Keller are episodic. But HIT AND RUN, of which KELLER IN DES MOINES is the opening sequence, is a thriller with a single story arc from beginning to end. Thus, unlike the other Keller novelettes and novellas available for Kindle, KELLER IN DES MOINES is unresolved at its end; you'll want to turn the page, and to do that you'll have to have the complete novel.

And that's why the price of KELLER IN DES MOINES is only 99¢. It's a quick and inexpensive introduction to HIT AND RUN—in fact it's completely free, if you're a Kindle Unlimited subscriber. And, if you're intrigued, it's easy enough to go on.
