Felix Mulligan was captured by an alpha of the Highborn, an elite shifter group trying to breed their own army. He's finally been rescued... but he's not ready to accept that the life he led before he was taken is gone forever.

Businessman Keegan StoneClaw agrees to look out for Felix while he recovers, and the pair soon recognize the attraction that simmers between them. However, Felix's captivity left him pregnant, and he doubts that the alpha would willingly raise another man's child.

Even though they're not yet bonded, Keegan's protective nature drives him to desperate measures. Can he ensure that the Highborn will never target Felix again? And when the truth comes out, will the young omega forgive him?
