Epistle to the Ephesians Rudolf Schnackenburg

A classic ecumenical commentary on Ephesians. In addition to detailed exegesis, Schnackenburg pays special attention to the history of interpretation of Ephesians, taking account of comparative material in the history of religion and, at the end of each exegetical section, shows how findings are relevant for today. The theological focus is the concept of the church, giving rise to ecumenical discussion about ministry and office in the church. This commentary has proved invaluable for biblical scholars, clergy and theological students.
