Meet Joe Venn. Veteran of the US Marine Corps, disgraced Chicago police detective lieutenant, and head of one of the New York Police Department's most elite units.

You do NOT want to get on his bad side...

This box set contains the first four books in the series.

OMEGA DOG

Joe Venn, Marine and ex-Chicago cop, is eking out a living as a private eye in Manhattan when he's framed for murder. To save himself, he must track down a missing professor of neurochemistry who harbors a deadly secret. Teaming up with Dr Beth Colby, a young physician who has her own reasons for wanting to track down the elusive Professor Lomax, Venn finds himself on the run from not one but two deadly assassins, as well as the most vicious Mob family New York City has to offer...

DELTA GHOST

Two years after the events of OMEGA DOG, Joe Venn heads up the NYPD's elite Division of Special Projects, an outfit dedicated to the investigation of crimes with a politically sensitive bent. During a sting operation to catch a corrupt landlord with higher connections, Venn crosses paths with Danny Clune, an amateur rock music historian from England who's also a liar, a thief, and on the run from the most powerful drug cartel in Mexico. Facing betrayal from above, and the relentless invasion of the cartel onto the mean streets of New York, Venn is forced to take extreme measures to uncover the shocking links between the drug baron Diego Salazar and a ruthless government black-ops outfit that will stop at nothing to conceal the truth.

ALPHA KILL

A riot at Horn Creek Correctional Facility, the most high-secure prison in Illinois, results in the escape of seven of the most dangerous criminals in America. One of them, Gene Drake, heads east to New York, hell-bent on revenge.

Joe Venn, head of the Division of Special Projects, is trying to piece his life together after the loss of the woman he loved. When she approaches him asking for his help in investigating a disturbing trend in mortality rates at the hospital where she works, Venn can't refuse. What he discovers draws him deeper and deeper into a sinister and terrifying conspiracy involving the highest levels of New York society. And every

step he takes pulls him closer into the path of the killer Gene Drake and his murderous crew...

SIGMA CURSE

The son of a Supreme Court judge is found brutally and ritualistically murdered in a Manhattan hotel room. On his forehead is seared the Greek symbol Sigma. He's the third victim with such a brand.

A serial killer is on the loose in New York City.

Joe Venn is on the case. But he's forced to work alongside the FBI, and they're cramping his style. As Venn learns that the murderer is a woman, his suspicions turn toward the military, and even the FBI itself. He finds himself in a race against time to uncover both the identity and the motive of the Sigma killer... before she strikes yet again.
