## **Real World Aperture** Ben Long

Released to near universal acclaim, Apple's Aperture is an all-in-one post-production tool for professional photographers. Featuring a RAW-focused workflow, Aperture lets photographers import, edit, catalog, organize, retouch, publish, and archive images more effectively and efficiently than ever before. In this guide, best-selling author Ben Long takes Aperture users to the next level, providing them with a more in-depth understanding of Aperture's tools, as well as lots of tips and work-arounds to get the most out of the program. In addition, the coverage of fundamental raw theory and practice will help the reader master the program's high-end editing features. More than just a step-by-step tutorial, this book will help photographers develop a fundamental understanding of the philosophy and approach that underlies Aperture's design. Aperture is now available and retails at \$299
