Spring is a time for renewal...

Sera is a curvy witch looking to restore balance in her life. When she skipped the autumn festival and the Mother punished her for it, she realized that she couldn't ignore the signs any longer. She had spent most of her life being who someone else wanted her to be; hurting people she cared about to satisfy someone else's need for control. It was time for a change.

Sera knows that the best way to fix what's broken in herself, is to repair the damage she has done to others. Her first stop is her cousin Bethany's house. Bethany bore the brunt of Sera's cruelty for many years. She knows that an apology isn't going to erase the pain she caused, but she has to start somewhere. Buoyed by her new sense of purpose, Sera goes to Bethany's altar to ask the Mother for forgiveness, and start the process of restoring her balance. It is there that Sera will learn that the road to redemption is full of unexpected twists.

Oz is a bear shifter who has been without a Clan for too long. When Jace, the alpha of the wolf pack who owns the forest Oz calls home, asks him to join the pack as an enforcer, he readily agrees. He never expected that watching his new friends find their mates would take a toll on his bear. He's restless now, anxious, but there is trouble in the forest, and Oz needs to keep his head if he wants to survive.

While on patrol, a voice on the wind tells him that she is in trouble. His mate. The witch meant to complete his soul. It is going to take all of Oz's strength, and some help from his new friends to save her from the dangers lurking under the light of the Spring Moon.

Warning: This novella contains lots of steamy sex between a hot alpha bear and his curvy witch. It is intended for readers over the age of 18
