DREAM BOOK - The Meaning of Dreams and Fantasies (DREAM TRILOGY) (Volume 2) Craig Hamilton-Parker

This book will help you to understand and interpret some of the most common dreams you are likely to have. The dream lists are divided into 5 main themed sections: Sex and Relationships, Money and Career, Travel and Adventure, Childhood and Family and Spirit & Soul. The in-depth interpretations will give you an insight into the workings of your unconscious mind and enable you to discover the unconscious forces that drive you.

The author has also included positive fantasy, visualization and daydreaming techniques that you can use to easily gain insight into your hidden emotions and feelings. This form of mindful self-observation in daily life will deepen your understanding of how the unconscious is influencing your decisions. By knowing these hidden influences you will gain greater control of your unconscious and become less prone to heated emotions or foolish behavior. The techniques will give you an easy way to use dreams and imagination to become the master of yourself.

Watching the mind's spontaneous faculty of imagining impossible or improbable things reveals a great deal about what is happening within us. With this new self-knowledge you will gain greater insight – and with this a degree of control – over your thoughts, feelings and worries. You will be shown how dreams and fantasies can entrap you or liberate you. We can change everything – if we can simply learn how to dream!
