Essential Anatomy Dissector: Following Grant's Method John T. Hansen

Now in its Second Edition, this concise guide highlights the key concepts and important structures of human anatomy. Its intent is to take the medical student through the dissection process quickly and efficiently. The strength of this book is in its concise format. Each chapter begins with Learning Objectives and Key Concepts, and the text features color coding to easily locate and follow dissection protocols that are presented in anatomical outlines. Includes many new illustrations to help clarify dissection instructions.
