International Arbitration: Cases & Materials (Aspen Casebook Series) Gary Born

Based on Gary Born's well-known treatise, *International Commercial Arbitration: Commentary and Materials*, one of the leading authorities in the field, this new casebook is a thoroughly international approach to international commercial arbitration, focusing on the New York Convention and UNCITRAL Model Law.

International Arbitration: Cases and Materials features:

- **An easy-to-use and accessible structure**, organized chronologically to follow the course of an international arbitration (arbitration agreements, arbitral proceedings, arbitral awards)
- **Judicial decisions and statutory materials that are drawn from all leading jurisdictions** (including Europe, Asia, United States and Canada)
- **Arbitral awards under all leading rules**
- **A thorough treatment of international arbitration in the United States**, under the FAA
- **Materials on investment arbitration and state-to-state arbitration**, which are used as comparisons to commercial materials.

Gary Born has skillfully distilled his authoritative two-volume treatise to produce **International Arbitration: Cases and Materials**, an equally authoritative, yet completely accessible casebook.
