Welcome to an African cloud forest! As you set off down the mountain path, all you see ahead is a thick tangle of vines and bamboo trees. But the cloud forest is full of life, from a collared sunbird hovering over some flowers to a leopard stalking a giant forest hog. Day and night in the cloud forest, the hunt is on to find food and to avoid becoming someone else's next meal. All living things are connected to one another in a food chain, from animal to animal, animal to plant, plant to insect, and insect to animal.
