## **CommVault Concepts & Design Strategies** Frank H Celauro

CommVault Concepts & Design Strategies (originally CommVault Storage Policies) is an in-depth guide to understanding how the Simpana® product suite works. It provides detailed explanations on designing and configuring storage policies, deduplication, protecting virtual infrastructures and using snapshot technologies within a CommCell® environment. It also provides a complete design methodology for planning and designing CommCell environments from technical and business aspects. This book provides guidance on optimally configuring a CommCell environment through tips and best practices to improve protection, recovery and media management requirements. This book is designed to provide value for new and experienced CommVault administrators from small CommCell environments to enterprise datacenters.

### From reader reviews:

#### **Maria Kraus:**

Reading a publication tends to be new life style with this era globalization. With reading through you can get a lot of information that will give you benefit in your life. With book everyone in this world can easily share their idea. Guides can also inspire a lot of people. A great deal of author can inspire their reader with their story or even their experience. Not only the storyplot that share in the textbooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some exploration before they write for their book. One of them is this CommVault Concepts & Design Strategies.

#### **Shirley Raine:**

Spent a free the perfect time to be fun activity to complete! A lot of people spent their leisure time with their family, or their particular friends. Usually they carrying out activity like watching television, likely to beach, or picnic in the park. They actually doing same thing every week. Do you feel it? Do you wish to something different to fill your own free time/ holiday? May be reading a book can be option to fill your totally free time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to attempt look for book, may be the book untitled CommVault Concepts & Design Strategies can be very good book to read. May be it can be best activity to you.

#### **Robert Robertson:**

This CommVault Concepts & Design Strategies is great reserve for you because the content and that is full of information for you who else always deal with world and have to make decision every minute. That book reveal it info accurately using great arrange word or we can state no rambling sentences within it. So if you are read the idea hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but hard core information with lovely delivering sentences. Having CommVault Concepts & Design Strategies in your hand like obtaining the world in your arm, details in it is not ridiculous one. We can say that no e-book that offer you world within ten or fifteen second right but this reserve already do that. So , this really is good reading book. Hi Mr. and Mrs. stressful do you still doubt which?

#### **Mark Shanks:**

A number of people said that they feel uninterested when they reading a guide. They are directly felt the item when they get a half regions of the book. You can choose the particular book CommVault Concepts & Design Strategies to make your reading is interesting. Your own personal skill of reading ability is developing when you including reading. Try to choose very simple book to make you enjoy to read it and mingle the sensation about book and studying especially. It is to be first opinion for you to like to open up a book and examine it. Beside that the book CommVault Concepts & Design Strategies can to be your friend when you're experience alone and confuse in what must you're doing of this time.
