We all know about Station X and Bletchley Park. But, who, other than those who served in it, know about the Y Service? Dedicated RAF wireless operators who followed the front line and day-in, day-out, night and day, tuned in to the enemy wavelengths and provided the input for the code-breakers. Follow the adventures of one such unsung hero as he battles against everything that our side could throw at him! From the depths of Wiltshire, through the Syrian desert, the siege of Malta into Italy, the author tells us how it really was! Told with humour and pulling very few punches, this book will enable you to find out what it was like to serve with Y Service in World War II-written by a man who rose to the dizzy heights of LAC in only 5 years!
