Practical Security Training Patrick Kane CPP

Practical Security Training is designed to help security departments develop effective security forces from the personnel screening and selection process to ensuring that proper ,cost-efficient training is conducted. Using the building block and progressive method approach allows security staff to become increasingly more effective and more confident. Flexible and practice, these tools allow security practitioners to adapt them as needed in different environments.

Considering hypothetical situations and case studies, performing drills and continually evaluating performance, the security staff can be better prepared to deal with both routine and emergency situations.

Advocates performance related training similar to that in a military environment

Describes performance-oriented drills

Considers and analyzes hypothetical situations
